

each system during the pilot period, including each date the issue was placed on each system and removed; and (8) whether any distinguishable market condition existed when an issue was placed on or taken off each system. Any requests to modify this pilot program, to extend its effectiveness, or to seek permanent approval for the pilot program also should be submitted to the Commission by May 31, 1996, as a proposed rule change pursuant to Section 19(b) of the Act.

The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. The Commission believes that it is appropriate to approve the proposed rule change on an accelerated basis so that the Exchange can enable public customers to receive the benefits of Enhanced SuperMAX and Timed Enhanced SuperMAX without delay. Moreover, the Enhanced SuperMAX feature previously has been on a pilot program from December 1991 through April 1993, and the Commission is approving CHX's Enhanced SuperMAX and Timed Enhanced SuperMAX only for a one-year pilot period.¹⁵ During that time, the Commission and the Exchange will be able to examine whether these programs are successful at providing for automatic execution of orders at prices consistent with the maintenance of fair and orderly markets and can determine whether to extend the pilots for a further period or make the programs permanent. The Commission, therefore, believes that granting accelerated approval of the proposed rule change is appropriate and consistent with Section 6 of the Act.¹⁶

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁷ that the proposed rule change (SR-CHX-95-15) is approved on a pilot basis until July 31, 1996.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁸

Margaret H. McFarland,
Deputy Secretary.

Notice is hereby given that the Department of State proposes to alter three systems of records, STATE-05, STATE-26 and STATE-39 pursuant to the provisions of the Privacy Act of 1974, as amended (5 U.S.C. 552a(r)), and the Office of Management and Budget Circular No. A-130, Appendix I. The Department's report was filed with the Office of Management and Budget on July 20, 1995.

It is proposed that the current system STATE-05 entitled "Consular Service and Assistance Records" be renamed

"Overseas Citizens Services Records." The system names for Passport Records (STATE-26) and Visa Records (STATE-39) will not change. It is also proposed that the three system descriptions include revisions and/or additions to each section except "Systems exempted from certain provisions of the Act." The altering of these systems of records will reflect more accurately the Bureau of Consular Affairs' recordkeeping practices, the enlargement of the scope of its mandate, and a reorganization of its activities and operations. It should be noted that the Overseas Citizens Services Records and Passport Records may overlap due to their inter-relationship. Also, records about consular affairs matters will be removed from Overseas Records, STATE-25 and will become part of STATE-05, STATE-26 and/or STATE-39. STATE-25 will be amended and updated in the near future.

Any persons interested in commenting on these altered systems of records may do so by submitting comments in writing to Margaret P. Grafeld; Chief, Privacy, Plans, and Appeals Division; Office of Freedom of Information, Privacy and Classification Review; Room 1239, Department of State, 2201 C Street, NW, Washington, DC 20520-1239. These systems of records will be effective 40 days from the date of publication, unless we receive comments which will result in a contrary determination.

The altered system descriptions, "Overseas Citizens Services Records, STATE-05," "Passport Records, STATE-26" and "Visa Records, STATE-39" will read as set forth below.
